

LEARN HUB – YOUR CENTER FOR SKILL ENHANCEMENT (USING MERN STACK)

INTRODUCTION:

Learn Hub is a modern online learning management platform designed to empower users by enhancing their skills through structured courses and guided learning experiences. This platform allows learners to register, browse courses, enroll in skill-based programs, and track progress—all through an intuitive, user-friendly interface.

With features such as secure user registration, course browsing by category and difficulty, progress tracking, and admin-level content management, Learn Hub addresses the learning needs of individuals while giving instructors and administrators powerful tools to manage and enhance the educational process.

Users can explore a wide range of courses across various categories like technology, business, design, and more. After registration, they can enroll in courses, view content modules (including videos, PDFs, and quizzes), and monitor their learning progress. Instructors can upload content, manage student queries, and track engagement, while administrators oversee platform health, user management, and analytics.

Powered by a solid MERN stack architecture (MongoDB, Express.js, React, Node.js), and styled with modern UI libraries like Bootstrap and Material UI, Learn Hub delivers an engaging, scalable, and responsive learning environment. The platform ensures a smooth and secure learning journey, catering to the growing demand for remote and flexible skill development solutions.

KEY FEATURES

USER REGISTRATION & PROFILE CREATION:

SECURE SIGN-UP using email and password authentication.

DETAILED PROFILE CREATION that stores personal information, learning goals, and course history securely

COURSE BROWSING & FILTERING:

BROWSE COURSES by category, skill level (beginner, intermediate, advanced), or popularity.

REAL-TIME AVAILABILITY & STATUS allows users to check course availability, start dates, and enrollment deadlines.

COURSE ENROLLMENT & LEARNING MANAGEMENT:

USER-FRIENDLY COURSE ENROLLMENT interface where learners can enroll, view curriculum, and track completion.

AUTOMATED EMAIL/SMS NOTIFICATIONS for course enrollment, upcoming sessions, deadlines, and new course recommendations.

INSTRUCTOR DASHBOARD:

INSTRUCTORS CAN UPLOAD AND MANAGE COURSE CONTENT, including videos, files, quizzes, and assignments.

MONITOR STUDENT ENGAGEMENT with analytics, feedback, and Q&A support features.

ADMIN DASHBOARD & PLATFORM MANAGEMENT:

CENTRALIZED ADMIN PANEL to manage users (learners and instructors), courses, feedback, and reports.

DATA SECURITY AND ROLE-BASED ACCESS ensure that user data is protected and platform operations are smooth.

Home Page:

Login Page:

A dark-themed login page with a central card. The card has a title 'Login Page' in white. Below it are two input fields: 'Email' and 'Password', both with placeholder text 'Enter your email....' and 'Enter your password....' respectively. A large orange 'Login' button is positioned below the password field. Underneath the button is a teal-colored link 'Forget Password'. At the bottom of the card, there is a line of text 'Donot have an account ?' followed by a teal-colored link 'Signup'.
